Please mark off all the hours you will be AVAILABLE to DJ:

The more availabilities you can give, the better your chances of getting a DJ spot, so please be sure to check ALL the times you may be able to DJ. New DJs will likely have a night time or early morning shift to begin with, so be prepared to make the sacrifice. The schedule is not set in stone and will change through the semester.

Also, please understand that we receive many applications in a given semester and time slots are always very limited. Also note that we may need to give priority to applicants from the Concordia student body. If you are not contacted immediately, please be patient. If any contact information changes, please advise so you do not lose your priority.
